1. 160 degrees on 600SC
2. Provides indicator lights at platform control console for system distress, low fuel, 5 degree tilt light and foot switch status.
3. Includes engine block heater (CAT), battery heater and oil tank heater.
4. Includes console cover, boom wipers and cylinder bellows.

Conquers the tough terrain

- Crawler undercarriage with two track choices: steel and detachable rubber pads
- Improved 55% gradeability

Improved Positioning

- Intuitive single-drive/steer joystick control
- Counter rotation feature allows tracks to travel in opposite directions for a zero turning radius
- Versatile articulating jib (model 660SJC) provides a wider range of motion

Increased Flotation

- Large surface area distributes machine weight for a low ground bearing pressure
- Improved maneuverability on soft or sensitive surfaces
