nifty SD170

The Nifty **SD170** combines the best of our self-propelled and trailer mounted ranges. It offers the same staggering reach capabilities as the **Nifty 170** but with the versatility of a robust yet very lightweight drivable base. This allows the operator to manoeuvre, set up and operate this machine without leaving the platform, especially on uneven surfaces.

SAFETY FEATURES

- CE Mark
- Pressure sensitive outriggers
- Audible & visual alarms
- Dual controls (platform & base)
- Manual descent with hand-pump
- Lock valves on all hydraulic cylinders

The **SD170's** outstanding reach makes it ideal for construction site work.

Also available trailer mounted. See **Nifty 170** specification sheet.

Rough terrain tyres as standard and the 4WD option allow the **SD170** to manoeuvre easily over a wide range of site conditions.
